

Genesis Grows with Indian Market Together

Genesis participated in March 2017 in the opening ceremony of new plant and production line of EC India - our Distributor and Business Partner in India. Taking this opportunity Genesis gathers with customers in India together and joyfully celebrates the common growth.

Since year 2017 after Genesis entered into Indian market, we could enjoy the rapid growth with Indian Elevator Market together in the past 10 years and won overall recognition from our customers. As one of our most important overseas market, Genesis will continuously stay close to Indian market and develop our product and market strategy accordingly to meet with market needs in India. To provide best product and service to Indian market will stay as our top focus and target.

GENESIS NEWS
